## TITLE I

**GENERAL PRINCIPLES***Article 2*

Respect for democratic principles and human rights as proclaimed in the Universal Declaration of Human Rights and as defined in the Convention for the Protection of Human Rights and Fundamental Freedoms, in the Helsinki Final Act and the Charter of Paris for a New Europe, respect for principles of international law, including full cooperation with the International Criminal Tribunal for the former Yugoslavia (ICTY), and the rule of law as well as the principles of market economy as reflected in the Document of the CSCE Bonn Conference on Economic Cooperation, shall form the basis of the domestic and external policies of the Parties and constitute essential elements of this Agreement.

*Article 3*

The fight against the proliferation of weapons of mass destruction (hereinafter referred to as 'WMD') and their means of delivery constitutes an essential element of this Agreement.

*Article 4*

The Parties reaffirm the importance they attach to the implementation of international obligations, notably the full cooperation with ICTY.

#### *Article 5*

International and regional peace and stability, the development of good neighbourly relations, human rights and the respect and protection of minorities are central to the Stabilisation and Association process. The conclusion and the implementation of this Agreement will remain subject to the conditions of the Stabilisation and Association process and are based on the individual merits of Bosnia and Herzegovina.

#### *Article 6*

Bosnia and Herzegovina commits itself to continue and foster cooperation and good neighbourly relations with the other countries of the region including an appropriate level of mutual concessions concerning the movement of persons, goods, capital and services as well as the development of projects of common interest, notably those related to combating organised crime, corruption, money laundering, illegal migration and trafficking, including in particular in human beings, small arms and light weapons as well as illicit drugs. This commitment constitutes a key factor in the development of the relations and cooperation between the Community and Bosnia and Herzegovina and thus contributes to regional stability.

#### *Article 7*

The Parties reaffirm the importance that they attach to the fight against terrorism and the implementation of international obligations in this area.

#### *Article 8*

The association shall be progressively and fully realised over a transitional period of a maximum of six years.

The Stabilisation and Association Council established under Article 115 shall regularly review, as a rule on an annual basis, the implementation of this Agreement and the adoption and implementation by Bosnia and Herzegovina of legal, administrative, institutional and economic reforms. This review shall be carried out in the light of the preamble and in accordance with the general principles of this Agreement. It shall take duly into account priorities set in the European Partnership relevant to this Agreement and be in coherence with the mechanisms established under the Stabilisation and Association process, notably the progress report on the Stabilisation and Association process.

On the basis of this review, the Stabilisation and Association Council shall issue recommendations and may take decisions. Where the review identifies particular difficulties, they may be referred to the mechanisms of dispute settlement established under this Agreement.

The full association shall be progressively realised. No later than the third year after the entry into force of this Agreement, the Stabilisation and Association Council shall make a thorough review of the application of this Agreement. On the basis of this review the Stabilisation and Association Council shall evaluate progress made by Bosnia and Herzegovina and may take decisions governing the following stages of association.

**▼B**

The aforementioned review will not apply to the free movement of goods, for which a specific schedule is foreseen in Title IV.

*Article 9*

- (c) regional cooperation and the development of good neighbourly relations;
- (d) common views on security and stability in Europe, including cooperation in the areas covered by the CFSP of the European Union.

3. The Parties consider that the proliferation of WMD and their means of delivery, both to state and non-state actors, represents one of the most serious threats to international stability and security. The Parties therefore agree to cooperate and to contribute to countering the proliferation of weapons of mass destruction and their means of delivery through full compliance with and national implementation of their existing obligations under international disarmament and non-proliferation treaties and agreements and other relevant international obligations. The Parties agree that this provision constitutes an essential element of this Agreement and will be part of the political dialogue that will accompany and consolidate these elements.

The Parties furthermore agree to cooperate and to contribute to countering the proliferation of weapons of mass destruction and their means of delivery by:

- (a) taking steps to sign, ratify, or accede to, as appropriate, and fully implement all other relevant international instruments;

**▼B**

Political dialogue on this matter may take place on a regional basis.

*Article 11*

1. Political dialogue shall primarily take place within the Stabilisation and Association Council, which shall have the general responsibility for any issue which the Parties might wish to put to it.
2. At the request of the Parties, political dialogue may also take place in the following forms:
  - (a) meetings, where necessary, of senior officials representing Bosnia and Herzegovina, on the one hand, and the Presidency of the Council of the European Union, the Secretary General/High Representative for the Common Foreign and Security Policy and the Commission of the European Communities (hereinafter referred to as 'European Commission'), on the other;

  - (c) any other means which would make a useful contribution to consolidating, developing and enhancing this dialogue, including those identified in the Thessaloniki agenda, adopted in the Conclusions of the European Council in Thessaloniki on 19 and 20 June 2003.

*Article 12*

Political dialogue at parliamentary level shall take place within the framework of the Stabilisation and Association Parliamentary Committee established under Article 121.

These conventions shall contain provisions for the creation of the necessary institutional mechanisms, as appropriate.

These conventions shall be concluded within two years after the entry into force of this Agreement. Readiness by Bosnia and Herzegovina to conclude such conventions will be a condition for the further development of the relations between the European Union and Bosnia and Herzegovina.

Bosnia and Herzegovina shall initiate similar negotiations with the remaining countries of the region once these countries have signed a Stabilisation and Association Agreement.

*Article 16***Cooperation with other countries concerned by the Stabilisation and Association process**

2. From the date of entry into force of this Agreement, no new quantitative restriction on imports or exports or measure having equivalent effect shall be introduced, nor shall those existing be made more restrictive, in trade between the Community and Bosnia and Herzegovina.

3. Without prejudice to the concessions granted under Articles 25, 26, 27 and 28, the provisions of paragraphs 1 and 2 of this Article shall not restrict in any way the pursuit of the respective agricultural and fishery policies of Bosnia and Herzegovina and of the Community and the taking of any measures under those policies in so far as the import regime in Annexes III to V and Protocol 1 is not affected.

*Article 35***Prohibition of fiscal discrimination**

1. The Community and Bosnia and Herzegovina shall refrain from, and abolish where existing, any measure or practice of an internal fiscal nature establishing, whether directly or indirectly, discrimination between the products of one Party and like products originating in the territory of the other Party.

2. Products exported to the territory of one of the Parties may not benefit from repayment of internal indirect taxation in excess of the amount of indirect taxation imposed on them.

*Article 36***Customs duties of a fiscal nature**

The provisions concerning the abolition of customs duties on imports shall also apply to customs duties of a fiscal nature.

*Article 37***Customs unions, free trade areas, cross-border arrangements**

1. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade except in so far as they alter the trade arrangements provided for in this Agreement.

2. During the transitional period specified in Article 18, this Agreement shall not affect the implementation of the specific preferential arrangements governing the movement of goods either laid down in frontier agreements previously concluded between one or more Member States and Bosnia and Herzegovina or resulting from the bilateral agreements specified in Title III concluded by Bosnia and Herzegovina in order to promote regional trade.

3. Consultations between the Parties shall take place within the Stabilisation and Association Council concerning the Agreements described in paragraphs 1 and 2 of this Article and, where requested, on other major issues related to their respective trade policies towards

third countries. In particular in the event of a third country acceding to the Union, such consultations shall take place so as to ensure that account is taken of the mutual interests of the Community and Bosnia and Herzegovina stated in this Agreement.

*Article 38***Dumping and subsidy**

1. None of the provisions in this Agreement shall prevent any Party from taking trade defence action in accordance with paragraph 2 of this Article and Article 39.

2. If one of the Parties finds that dumping and/or countervailable subsidisation is taking place in trade with the other Party, that Party may take appropriate measures against this practice in accordance with the WTO Agreement on Implementation of Article VI of the GATT 1994 or the WTO Agreement on Subsidies and Countervailing Measures and the respective related internal legislation.

*Article 39***General safeguard clause**

1. The provisions of Article XIX GATT 1994 and the WTO Agreement on Safeguards are applicable between the Parties.

2. Notwithstanding paragraph 1 of this Article, where any product of one Party is being imported into the territory of the other Party in such increased quantities and under such conditions as to cause or threaten to cause:

- (a) serious injury to the domestic industry of like or directly competitive products in the territory of the importing Party, or
- (b) serious disturbances in any sector of the economy or difficulties which could bring about serious deterioration in the economic situation of a region of the importing Party,

the importing Party may take appropriate bilateral safeguard measures under the conditions and in accordance with the procedures laid down in this Article.

3. Bilateral safeguard measures directed at imports from the other Party shall not exceed what is necessary to remedy the problems, as defined in paragraph 2, which have arisen as a result of application of this Agreement. The safeguard measure adopted should consist of a suspension in the increase or in the reduction of the margins of preferences provided for under this Agreement for the product concerned up to a maximum limit corresponding to the basic duty referred to in Article 18(4)(a) and (b) and (6) for the same product. Such measures shall contain clear elements progressively leading to their elimination at the end of the set period, at the latest, and shall not be taken for a period exceeding two years.

**▼B**

In very exceptional circumstances, measures may be extended for a further period of a maximum of two years. No bilateral safeguard measure shall be applied to the import of a product that has previously been subject to such a measure for a period of, at least, four years since the expiry of the measure.

4. In the cases specified in this Article, before taking the measures provided for therein or, in the cases to which paragraph 5(b) of this Article applies, as soon as possible, the Community on the one part or Bosnia and Herzegovina on the other part, as the case may be, shall supply the Stabilisation and Association Council with all relevant information required for a thorough examination of the situation, with a view to seeking a solution acceptable to the two Parties concerned.

5. For the implementation of paragraphs 1, 2, 3 and 4, the following provisions shall apply:

- (a) the problems arising from the situation referred to in this Article shall be immediately referred for examination to the Stabilisation and Association Council, which may take any decisions needed to put an end to such problems.

If the Stabilisation and Association Council or the exporting Party has not taken a decision putting an end to the problems, or no other satisfactory solution has been reached within 30 days of the matter being referred to the Stabilisation and Association Council, the importing Party may adopt the appropriate measures to remedy the problem in accordance with this Article. In the selection of safeguard measures, priority must be given to those which least disturb the functioning of the arrangements established in this Agreement. Safeguard measures applied in accordance with Article XIX GATT 1994 and the WTO Agreement on Safeguards shall preserve the level/margin of preference granted under this Agreement.

- (b) where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Party concerned may, in the situations specified in this Article, apply forth with provisional measures necessary to deal with the situation and shall inform the other Party immediately thereof.

The safeguard measures shall be notified immediately to the Stabilisation and Association Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their abolition as soon as circumstances permit.

6. In the event of the Community or Bosnia and Herzegovina subjecting imports of products liable to give rise to the problems referred to in this Article to an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows, it shall inform the other Party.

#### *Article 40*

#### **Shortage clause**

1. Where compliance with the provisions of this Title leads to:

- (a) a critical shortage, or threat thereof, of foodstuffs or other products essential to the exporting Party; or

**▼B**

- (b) re-export to a third country of a product against which the exporting Party maintains quantitative export restrictions, export duties or measures or charges having equivalent effect, and where the situations referred to above give rise, or are likely to give rise to major difficulties for the exporting Party

that Party may take appropriate measures under the conditions and in accordance with the procedures laid down in this Article.

2. In the selection of measures, priority must be given to those which least disturb the functioning of the arrangements in this Agreement. Such measures shall not be applied in a manner which would constitute a means of arbitrary or unjustifiable discrimination where the same conditions prevail, or a disguised restriction on trade and shall be eliminated when the conditions no longer justify their maintenance.

3. Before taking the measures provided for in paragraph 1 or, as soon as possible in cases to which paragraph 4 applies the Community or Bosnia and Herzegovina, as the case may be, shall supply the Stabilisation and Association Council with all relevant information, with a view to seeking a solution acceptable to the Parties. The Parties within the Stabilisation and Association Council may agree on any means needed to put an end to the difficulties. If no agreement is reached within 30 days of the matter being referred to the Stabilisation and Association Council, the exporting Party may apply measures under this Article on the exportation of the product concerned.

4. Where exceptional and critical circumstances requiring immediate action make prior information or examination, as the case may be, impossible, the Community or Bosnia and Herzegovina, whichever is concerned, may apply forthwith the precautionary measures necessary to deal with the situation and shall inform the other Party immediately thereof.

5. Any measures applied pursuant to this Article shall be immediately notified to the Stabilisation and Association Council and shall be the subject of periodic consultations within that body, particularly with a view to establishing a timetable for their elimination as soon as circumstances permit.

#### *Article 41*

##### **State monopolies**

Bosnia and Herzegovina shall adjust any state monopolies of a commercial character so as to ensure that, following the entry into force of this Agreement, no discrimination regarding the conditions under which goods are procured and marketed exists between nationals of the Member States and of Bosnia and Herzegovina.

#### *Article 42*

##### **Rules of origin**

Except if otherwise stipulated in this Agreement, Protocol 2 lays down the rules of origin for the application of the provisions of this Agreement.

#### *Article 43*

##### **Restrictions authorised**

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified on grounds of public morality, public policy or public security; the protection of health and life of humans, animals or plants; the protection of national treasures of artistic, historic or archaeological value or the protection of intellectual, industrial and commercial property, or rules relating to gold and silver. Such prohibitions or restrictions shall not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between the Parties.

#### *Article 44*

##### **Failure to provide administrative cooperation**

1. The Parties agree that administrative cooperation is essential for the implementation and the control of the preferential treatment granted under this Title and underline their commitment to combat irregularities and fraud in customs and related matters.

2. Where a Party has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud under this Title, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Article.

3. For the purpose of this Article a failure to provide administrative cooperation shall mean, *inter alia*:

- (a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned;
- (b) a repeated refusal or undue delay in carrying out and/or communicating the results of subsequent verification of the proof of origin;
- (c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative cooperation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question.

For the purpose of this Article a finding of irregularities or fraud may be made, *inter alia*, where there is a rapid increase, without satisfactory explanation, in imports of goods exceeding the usual level of production and export capacity of the other Party, that is linked to objective information concerning irregularities or fraud.

4. The application of a temporary suspension shall be subject to the following conditions:

- (a) the Party which has made a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud shall without undue delay notify the Stabilisation and Association Committee of its finding together with the objective information and enter into consultations within the Stabilisation and Association Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties;

**▼B**

- (b) where the Parties have entered into consultations within the Stabilisation and Association Committee as above and have failed to agree on an acceptable solution within three months following the notification, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the Stabilisation and Association Committee without undue delay;
- (c) temporary suspensions under this Article shall be limited to the minimum necessary to protect the financial interests of the Party concerned. They shall not exceed a period of six months, which may be renewed. Temporary suspensions shall be notified immediately after their adoption to the Stabilisation and Association Committee. They shall be subject to periodic consultations within the Stabilisation and Association Committee in particular with a view to their termination as soon as the conditions for their application no longer prevail.

5. At the same time as the notification to the Stabilisation and Association Committee under paragraph 4(a) of this Article, the Party concerned should publish a notice to importers in its Official Journal. The notice to importers should indicate for the product concerned that there is a finding, on the basis of objective information, of a failure to provide administrative cooperation and/or of irregularities or fraud.

*Article 45***Financial responsibility**

In case of error by the competent authorities in the proper management of the preferential system at export, and in particular in the application of the provisions of Protocol 2, where this error leads to consequences in terms of import duties, the Party facing such consequences may request the Stabilisation and Association Council to examine the possibilities of adopting all appropriate measures with a view to resolving the situation.

*Article 46*

The application of this Agreement shall be without prejudice to the application of the provisions of Community law to the Canary Islands.

The Parties shall not take any measures or actions which render the conditions for the supply of services by Community and nationals or companies of Bosnia and Herzegovina which are established in a Party other than that of the person for whom the services are intended significantly more restrictive as compared to the situation existing on the day preceding the day of entry into force of this Agreement.

2. If one Party is of the view that measures introduced by the other Party since the entry into force of this Agreement result in a situation which is significantly more restrictive in respect of supply of services as compared with the situation existing at the date of entry into force of this Agreement, such first Party may request the other Party to enter into consultations.

*Article 59*

With regard to supply of transport services between the Community and Bosnia and Herzegovina, the following provisions shall apply:

- 4) With a view to ensuring a coordinated development and progressive liberalisation of transport between the Parties adapted to their reciprocal commercial needs, the conditions of mutual market access in air transport shall be dealt with by the ECAA.

- 6) Bosnia and Herzegovina shall adapt its legislation, including administrative, technical and other rules, to that of the Community existing at any time in the field of air, maritime, inland waterways and land transport insofar as it serves liberalisation purposes and mutual access to markets of the Parties and facilitates the movement of passengers and of goods.

**▼B****PROTOCOL 3**  
**on land transport***Article 1***Aim**

The aim of this Protocol is to promote cooperation between the Parties on land transport, and in particular transit traffic, and to ensure for this purpose that transport between and through the territories of the Parties is developed in a coordinated manner by means of the complete and interdependent application of all the provisions of this Protocol.

*Article 2***Scope**

1. Cooperation shall cover land transport, and in particular road, rail and combined transport, and shall include the relevant infrastructure.
2. In this connection, the scope of this Protocol shall cover in particular:
  - transport infrastructure in the territory of one or other Party to the extent necessary to achieve the objective of this Protocol,
  - market access, on a reciprocal basis, in the field of road transport,
  - essential legal and administrative supporting measures including commercial, taxation, social and technical measures,
  - cooperation in developing a transport system which meets environmental needs,
  - a regular exchange of information on the development of the transport policies of the Parties, with particular regard to transport infrastructure.

*Article 3***Definitions**

For the purposes of this Protocol, the following definitions shall apply:

- (a) Community transit traffic: the carriage, by a carrier established in the Community, of goods in transit through the territory of Bosnia and Herzegovina ‘en route’ to or from a Member State of the Community;
- (b) Bosnia and Herzegovina's transit traffic: the carriage, by a carrier established in Bosnia and Herzegovina, of goods in transit from Bosnia and Herzegovina through Community territory and destined for a third country or of goods from a third country destined for Bosnia and Herzegovina;

**▼B**

- (c) combined transport: the transport of goods where the lorry, trailer, semi-trailer, with or without tractor unit, swap body or container of 20 feet or more, uses the road on the initial or final leg of the journey and on the other leg, rail or inland waterway or maritime services where this section exceeds 100 kilometres as the crow flies and make the initial or final road transport leg of the journey;
- between the point where the goods are loaded and the nearest suitable rail loading station for the initial leg, and between the nearest suitable rail unloading station and the point where the goods are unloaded for the final leg, or
- within a radius not exceeding 150 km as the crow flies from the inland waterway port or seaport of loading or unloading.

**INFRASTRUCTURE***Article 4***General Provision**

The Parties hereby agree to adopt mutually coordinated measures to develop a multimodal transport infrastructure network as a vital means of solving the problems affecting the carriage of goods through Bosnia and Herzegovina in particular on the Pan-European Corridor V and the Inland Waterway Sava connection to Corridor VII, which form part of the Core Regional Transport Network as defined in the Memorandum of Understanding referred to in Article 5.

*Article 5***Planning**

The development of a multimodal regional transport network on the territory of Bosnia and Herzegovina which serves the needs of Bosnia and Herzegovina and the South-Eastern European region covering the main road and rail routes, inland waterways, inland ports, ports, airports and other relevant modes of the network is of particular interest to the Community and Bosnia and Herzegovina. This network was defined in a Memorandum of Understanding for developing a Core Transport Infrastructure Network for South East Europe which was signed by ministers from the region, and the European Commission, in June 2004. The development of the network and the selection of priorities is being carried out by a Steering Committee comprised of representatives of each of the signatories.

*Article 6***Financial aspects**

1. The Community may contribute financially, under Article 112 of this Agreement, to the necessary infrastructure work referred to in Article 5 of this Protocol. This financial contribution may take the

**▼B**

form of credit from the European Investment Bank and any other form of financing which can provide further additional resources.

2. In order to speed up the work the European Commission will endeavour, as far as possible, to encourage the use of additional resources such as investment by certain Member States on a bilateral basis or from public or private funds.

## **RAIL AND COMBINED TRANSPORT**

### *Article 7*

#### **General provision**

The Parties shall adopt the mutually coordinated measures necessary for the development and promotion of rail and combined transport as a mean of ensuring that in the future a major proportion of their bilateral and transit transport through Bosnia and Herzegovina is performed under more environmentally-friendly conditions.

### *Article 8*

#### **Particular aspects relating to infrastructure**

As part of the modernisation of the railways of Bosnia and Herzegovina, the necessary steps shall be taken to adapt the system for combined transport, with particular regard to the development or building of terminals, tunnel gauges and capacity, which require substantial investment.

### *Article 9*

#### **Supporting measures**

The Parties shall take all the steps necessary to encourage the development of combined transport.

The purpose of such measures shall be:

- to encourage the use of combined transport by users and consignors,
- to make combined transport competitive with road transport, in particular through the financial support of the Community or Bosnia and Herzegovina in the context of their respective legislation,
- to encourage the use of combined transport over long distances and to promote, in particular the use of swap bodies, containers and unaccompanied transport in general,
- to improve the speed and reliability of combined transport and in particular:

**▼B**

- to increase the frequency of convoys in accordance with the needs of consignors and users,
- to reduce the waiting time at terminals and increase their productivity,
- to remove in an appropriate manner, all obstacles from the approach routes so as to improve access to combined transport,
- to harmonise, where necessary, the weights, dimensions and technical characteristics of specialised equipment, in particular so as to ensure the necessary compatibility of gauges, and to take coordinated action to order and to put into service such equipment as is required by the level of traffic,
- and, in general, to take any other appropriate action.

*Article 10***The role of the railways**

In connection with the respective powers of the States and the railways, the Parties shall, in respect of both passenger and goods transport, recommend that their railways:

- step up cooperation, whether bilateral, multilateral or within international railway organisations, in all fields, with particular regard to the improvement of the quality and the safety of transport services,
- try to establish in common a system of organising the railways so as to encourage consignors to send freight by rail rather than road, in particular for transit purposes, on a basis of fair competition and while leaving the user freedom of choice in this matter,
- prepare the participation of Bosnia and Herzegovina in the implementation and future evolution of the Community *acquis* on the development of the railways.

**ROAD TRANSPORT***Article 11***General Provisions**

1. With regard to mutual access to transport markets, the Parties agree, initially and without prejudice to paragraph 2, to maintain the regime resulting from bilateral Agreements or other existing international bilateral instruments concluded between each Member State of the Community and Bosnia and Herzegovina or, where there are no such Agreements or instruments, arising from the *de facto* situation in 1991.

**▼B**

However, whilst awaiting the conclusion of Agreements between the Community and Bosnia and Herzegovina on access to the road transport market, as provided for in Article 12, and on road taxation, as provided for in Article 13(2), Bosnia and Herzegovina shall cooperate with the Member States of the Community to amend these bilateral Agreements to adapt them to this Protocol.

2. The Parties hereby agree to grant unrestricted access to Community transit traffic through Bosnia and Herzegovina and to Bosnia and Herzegovina's transit traffic through the Community with effect from the date of entry into force of this Agreement.

3. If, as a result of the rights granted under paragraph 2, transit traffic by Community hauliers increases to such a degree as to cause or threaten to cause serious harm to road infrastructure and/or traffic fluidity on the axes mentioned in Article 5, and under the same circumstances problems arise on Community territory close to the borders of Bosnia and Herzegovina, the matter shall be submitted to the Stabilisation and Association Council in accordance with Article 117 of this Agreement. The Parties may propose exceptional temporary, non-discriminatory measures as are necessary to limit or mitigate such harm.

4. If the Community establishes rules aiming to reduce pollution caused by heavy goods vehicles registered in the European Union and to improve traffic safety, a similar regime shall apply to heavy goods vehicles registered in Bosnia and Herzegovina that wish to circulate through the Community territory. The Stabilisation and Association Council shall decide on the necessary modalities.

5. The Parties shall refrain from taking any unilateral action that might lead to discrimination between Community carriers or vehicles and carriers or vehicles from Bosnia and Herzegovina. Each Party shall take all steps necessary to facilitate road transport to or through the territory of the other Party.

### *Article 12*

#### **Access to the market**

The Parties shall, as a matter of priority, undertake to work together to seek, each of them subject to their internal rules:

- courses of action likely to favour the development of a transport system which meets the needs of the Parties, and which is compatible, on the one hand, with the completion of the internal Community market and the implementation of the common transport policy and, on the other hand, with economic and transport policies of Bosnia and Herzegovina,

**▼B**

- a definitive system for regulating future road transport market access between Parties on the basis of reciprocity.

*Article 13***Taxation, tolls and other charges**

1. The Parties accept that the taxation of road vehicles, tolls and other charges on either side must be non-discriminatory.
2. The Parties shall enter into negotiations with a view to reaching an agreement on road taxation, as soon as possible, on the basis of the rules adopted by the Community on this matter. The purpose of such Agreement shall be, in particular, to ensure the free flow of trans-frontier traffic, to progressively eliminate differences between the road taxation systems applied by the Parties and to eliminate distortions of competition arising from such differences.
3. Pending the conclusion of the negotiations mentioned in paragraph 2, the Parties will eliminate discrimination between hauliers of the Community and of Bosnia and Herzegovina when levying taxes and charges on the circulation and/or possession of heavy goods vehicles as well as taxes or charges levied on transport operations in the territory of the Parties. Bosnia and Herzegovina undertakes to notify the European Commission, if so requested, the amount of taxes, tolls and charges which they apply, as well as the methods of calculating them.
4. Until the conclusion of the Agreements mentioned in paragraph 2 and in Article 12 any change proposed after the entry into force of this Agreement to fiscal charges, tolls or other charges, including the systems for their collection which may be applied to Community traffic in transit through Bosnia and Herzegovina will be subject to a prior consultation procedure.

*Article 14***Weights and dimensions**

1. Bosnia and Herzegovina accepts that road vehicles complying with Community standards on weights and dimensions may circulate freely and without hindrance in this respect on the routes covered by Article 5. During six months after the entry into force of this Agreement, road vehicles which do not comply with existing standards of Bosnia and Herzegovina may be subject to a special non-discriminatory charge which reflects the damage caused by additional axle weight.

**▼B**

2. Bosnia and Herzegovina will endeavour to harmonise its existing regulations and standards for road construction with the legislation prevailing in the Community by the end of the fifth year after the entry into force of this Agreement and will make major efforts for improvement of the existing routes covered by Article 5 to those new regulations and standards within the proposed time, in accordance with its financial possibilities.

*Article 15***Environment**

1. In order to protect environment, the Parties shall endeavour to introduce standards on gaseous and particulate emissions and noise levels for heavy goods vehicles, which ensure a high level of protection.

2. In order to provide the industry with clear information and to encourage coordinated research, programming and production, exceptional national standards in this field shall be avoided.

3. Vehicles which comply with standards laid down by international Agreements also relating to environment may operate without further restrictions in the territory of the Parties.

4. For the purpose of introducing new standards, the Parties shall work together to achieve the abovementioned objectives.

*Article 16***Social aspects**

1. Bosnia and Herzegovina shall harmonise its legislation on the training of road haulage personnel, particularly with respect to the carriage of dangerous goods, to the Community standards.

2. Bosnia and Herzegovina as a contracting party to the European Agreement concerning the work of crews of vehicles engaged in international road transport (ERTA), and the Community will coordinate to the maximum extent possible their policies concerning driving time, interruptions and rest periods for drivers and crew composition, in respect of the future development of the social legislation in this area.

3. The Parties shall cooperate with regard to implementation and enforcement of the social legislation in the field of road transport.

4. The Parties shall ensure the equivalence of their respective laws on the admission to the occupation of road haulage operator, with a view to their mutual recognition.

**▼B***Article 17***Provisions relating to traffic**

1. The Parties shall pool their experience and endeavour to harmonise their legislation so as to improve the flow of traffic during peak periods (weekends, public holidays, the tourist season).
2. In general, the Parties shall encourage the introduction, development and coordination of a road traffic information system.
3. They shall endeavour to harmonise their legislation on the carriage of perishable goods, live animals and dangerous substances.
4. The Parties shall also endeavour to harmonise the technical assistance to be provided to drivers, the dissemination of essential information on traffic and other matters of concern to tourists, and emergency services including ambulance services.

*Article 18***Road Safety**

1. Bosnia and Herzegovina shall harmonise its legislation on road safety, particularly with regard to the transport of dangerous goods, to that of the Community by the end of the third year after the entry into force of this Agreement.
2. Bosnia and Herzegovina as a contracting Party of the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR) and the Community will coordinate to the maximum extent possible their policies concerning the carriage of dangerous goods.
3. The Parties shall cooperate with regard to implementation and enforcement of road safety legislation, particularly on driving licences and measures to reduce road accidents.

**SIMPLIFICATION OF FORMALITIES***Article 19***Simplification of formalities**

1. The Parties agree to simplify the flow of goods by rail and road, whether bilateral or in transit.
2. The Parties agree to begin negotiations with a view to concluding an Agreement on the facilitation of controls and formalities relating to the carriage of goods.
3. The Parties agree, to the extent necessary, to take joint action on, and to encourage, the adoption of further simplification measures.

## FINAL PROVISIONS

### *Article 20*

#### **Widening of the scope**

If one of the Parties concludes, on the basis of experience in the application of this Protocol, that other measures which do not fall within the scope of this Protocol are in the interest of a coordinated European transport policy and, in particular, may help to solve the problem of transit traffic, it shall make suggestions in this respect to the other Party.

### *Article 21*

#### **Implementation**

1. Cooperation between the Parties shall be carried out within the framework of a special sub-committee to be created in accordance with Article 119 of this Agreement.
2. This sub-committee in particular:
  - (a) shall draw up plans for cooperation on rail and combined transport, transport research and the environment;
  - (b) shall analyse the application of the provisions contained in this Protocol and shall recommend to the Stabilisation and Association Committee appropriate solutions for any possible problems which might arise;
  - (c) shall, two years after the entry into force of this Agreement, undertake an assessment of the situation as regards infrastructure improvement and the implications of free transit;
  - (d) shall coordinate the monitoring, forecasting and other statistical work relating to international transport and in particular transit traffic.

#### PROTOCOL 4

##### on state aid to the steel industry

1. The Parties recognise the need that Bosnia and Herzegovina addresses promptly any structural weaknesses of its steel sector to ensure the global competitiveness of its industry.
2. Further to the disciplines stipulated by Article 71(1)(c) of this Agreement, the assessment of the compatibility of State aid to the steel industry as defined in Annex I of the Guidelines on national regional aid for 2007-2013 shall be made on the basis of the criteria arising from the application of Article 87 of the EC Treaty to the steel sector, including secondary legislation.
3. For the purposes of applying the provisions of Article 71(1)(c) of this Agreement with regard to the steel industry, the Community recognises that, during five years after the entry into force of this Agreement, Bosnia and Herzegovina may exceptionally grant State aid for restructuring purposes to steel producing firms in difficulties, provided that:
  - (a) it leads to the long-term viability of the benefiting firms under normal market conditions at the end of the restructuring period, and
  - (b) the amount and intensity of such aid are strictly limited to what is absolutely necessary in order to restore such viability, and aid is, where appropriate, progressively reduced;
  - (c) the country presents a restructuring programme that is linked to a global rationalisation which includes the closing of inefficient capacity. Every steel producing firm benefiting from restructuring aid shall, as far as possible, provide for compensatory measures balancing the distortion of competition caused by the aid.
4. Bosnia and Herzegovina shall submit to the European Commission for assessment a National Restructuring Programme and individual business plans for each of the companies benefiting from restructuring aid which demonstrate that the above conditions are fulfilled.

The individual business plans shall have been assessed and agreed by the public authority established under Article 71(4) of this Agreement in view of their compliance with paragraph 3 of this Protocol.

The European Commission shall confirm that the National Restructuring Programme is in compliance with the requirements of paragraph 3.

**▼B**

5. The European Commission shall monitor the implementation of the plans, in close cooperation with the competent national authorities, in particular the public authority established under Article 71(4) of this Agreement.

If the monitoring indicates that aid to the beneficiaries which is not approved in the National Restructuring Programme or any restructuring aid to steel firms not identified in the National Restructuring Programme has been granted from the date of signature of this Agreement onwards, the respective State aid monitoring authority of Bosnia and Herzegovina shall ensure that any such aid is reimbursed.

6. Upon request, the Community shall provide Bosnia and Herzegovina with technical support for the preparation of the National Restructuring Programme and the individual business plans.
7. Each Party shall ensure full transparency with respect to State aid. In particular, as regards State aid granted to steel production in Bosnia and Herzegovina and to the implementation of the restructuring programme and the business plans, a full and continuous exchange of information shall take place.
8. The Stabilisation and Association Council shall monitor the implementation of the requirements set out in paragraphs 1 to 4 above. To this effect, the Stabilisation and Association Council may draft implementing rules.
9. If one of the Parties considers that a particular practice of the other Party is incompatible with the terms of this Protocol, and if that practice causes or threatens to cause prejudice to the interests of the first Party or material injury to its domestic industry, this Party may take appropriate measures after consultation within the Sub-Committee dealing with competition matters or after thirty working days following referral for such consultation.

*Article 6***Form and substance of requests for assistance**

1. Requests pursuant to this Protocol shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but must be confirmed in writing immediately.

4. If a request does not meet the formal requirements set out above, its correction or completion may be requested; in the meantime precautionary measures may be ordered.

*Article 7***Execution of requests**

1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the requested authority when the latter cannot act on its own.

2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Party.

3. Duly authorised officials of a Party may, with the agreement of the other Party and subject to the conditions laid down by the latter, be present to obtain in the offices of the requested authority or any other concerned authority in accordance with paragraph 1, information relating to activities that are or may be operations in breach of customs legislation which the applicant authority needs for the purposes of this Protocol.

  - (b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10(2); or
  - (c) violate an industrial, commercial or professional secret.
2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the requested authority shall consult with the applicant authority to determine if assistance can be given subject to such terms or conditions as the requested authority may require.
3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.
4. For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons therefore must be communicated to the applicant authority without delay.

*Article 10***Information exchange and confidentiality**

1. Any information communicated in whatsoever form pursuant to this Protocol shall be of a confidential or restricted nature, depending on the rules applicable in each of the Parties. 2. Personal data may be exchanged only where the Party which may receive them undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the Party that may supply them. To that end, Parties shall communicate to each other information on their applicable rules, including, where appropriate, legal provisions in force in the Member States of the Community.

3. The use, in judicial or administrative proceedings instituted in respect of operations in breach of customs legislation, of information obtained under this Protocol, is considered to be for the purposes of this Protocol. Therefore, the Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence information obtained and documents consulted in accordance with the provisions of this Protocol. The competent authority which supplied that information or gave access to those documents shall be notified of such use.

4. Information obtained shall be used solely for the purposes of this Protocol. Where one of the Parties wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

*Article 11***Experts and witnesses**

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Protocol, and produce such objects, documents or certified copies thereof, as may be needed for the proceedings. 2. Notwithstanding the provisions of paragraph 1, the provisions of this Protocol shall take precedence over the provisions of any bilateral Agreement on mutual assistance which has been or may be concluded between individual Member States and Bosnia and Herzegovina insofar as the provisions of the latter are incompatible with those of this Protocol.
3. In respect of questions relating to the applicability of this Protocol, the Parties shall consult each other to resolve the matter in the framework of the Stabilisation and Association Committee set up by the Stabilisation and Association Council.

#### **Arbitration procedure**

##### *Article 3*

#### **Initiation of the arbitration procedure**

1. Where the Parties have failed to resolve the dispute, the complaining Party may under the conditions of Article 126 of this Agreement, submit a request in writing for the establishment of an arbitration panel to the Party complained against as well as to the Stabilisation and Association Committee.

2. The complaining Party shall state in its request the subject-matter of the dispute and, as the case may be, the measure adopted by the other Party, or the failure to act, which it considers to be in breach of the provisions referred to in Article 2 of this Protocol.

##### *Article 4*

#### **Composition of the arbitration panel**

1. An arbitration panel shall be composed of three arbitrators.

2. Within 10 days of the date of the submission of the request for the establishment of an arbitration panel to the Stabilisation and Association Committee, the Parties shall consult in order to reach an agreement on the composition of the arbitration panel.

3. In the event that the Parties are unable to agree on its composition within the time frame laid down in paragraph 2, either Party may request the chairperson of the Stabilisation and Association Committee, or her or his delegate, to select all three members by lot from the list established under Article 15, one among the individuals proposed by the complaining Party, one among the individuals proposed by the Party complained against and one among the arbitrators selected by the Parties to act as chairperson.

In case the Parties agree on one or more of the members of the arbitration panel, any remaining members shall be appointed in accordance with the same procedure.

4. The selection of the arbitrators by the chairperson of the Stabilisation and Association Committee, or her or his delegate, shall be done in the presence of a representative of each Party.

5. The date of establishment of the arbitration panel shall be the date on which the chairperson of the panel is informed of the appointment in common agreement between the Parties of the three arbitrators or, as the case may be, the date of their selection in accordance with paragraph 3.

**▼B**

6. Where a Party considers that an arbitrator does not comply with the requirements of the Code of Conduct referred to in Article 18, the Parties shall consult and, if they so agree, replace the arbitrator and select a replacement pursuant to paragraph 7 of this Article. If the Parties fail to agree on the need to replace an arbitrator, the matter shall be referred to the chairperson of the arbitration panel, whose decision will be final.

Where a Party considers that the chairperson of the arbitration panel does not comply with the Code of Conduct referred to in Article 18, the matter shall be referred to one of the remaining members of the pool of arbitrators selected to act as chairperson, her or his name being drawn by lot by the chairperson of the Stabilisation and Association Committee, or her or his delegate, in the presence of a representative of each Party, unless otherwise agreed between the Parties.

7. If an arbitrator is unable to participate in the proceeding, withdraws or is replaced pursuant to paragraph 6, a replacement shall be selected within five days in accordance with the selection procedures followed to select the original arbitrator. The panel proceedings will be suspended for the period taken to carry out this procedure.

#### *Article 5*

##### **Arbitration panel ruling**

1. The arbitration panel shall notify its ruling to the Parties and to the Stabilisation and Association Committee within 90 days from the date of the establishment of the arbitration panel. Where it considers that this deadline cannot be met, the chairperson of the panel must notify the Parties and the Stabilisation and Association Committee in writing, stating the reasons for the delay. Under no circumstances should the ruling be issued later than 120 days from the date of the establishment of the panel.

2. In cases of urgency, including those involving perishable goods, the arbitration panel shall make every effort to issue its ruling within 45 days from the date of the establishment of the panel. Under no circumstance should it take longer than 100 days from the date of the establishment of the panel. The arbitration panel may give a preliminary ruling within 10 days of its establishment on whether it deems the case to be urgent.

3. The ruling shall set out the findings of fact, the applicability of the relevant provisions of this Agreement and the basic rationale behind any findings and conclusions that it makes. The ruling may contain recommendations on the measures to be adopted for compliance with it.

4. The complaining Party may withdraw its complaint by written notification to the chairperson of the arbitration panel, the Party complained against and the Stabilisation and Association Committee, at any time before the ruling is notified to the Parties and the Stabilisation and Association Committee. Such withdrawal is without prejudice to the complaining Party's right to introduce a new complaint regarding the same measure at a later point in time.

**▼B**

5. The arbitration panel shall, at the request of both Parties, suspend its work at any time for a period not exceeding 12 months. Once the period of 12 months has been exceeded, the authority for the establishment of the panel will lapse, without prejudice to the right of the complaining Party to request at a later stage the establishment of a panel on the same measure.

## Section II

### Compliance

#### *Article 6*

#### **Compliance with the arbitration panel ruling**

Each Party shall take any measure necessary to comply with the arbitration panel ruling, and the Parties will endeavour to agree on the reasonable period of time to comply with the ruling.

#### *Article 7*

#### **Reasonable period of time for compliance**

1. No later than 30 days after the notification of the arbitration panel ruling to the Parties, the Party complained against shall notify the complaining Party of the time it will require for compliance (hereinafter referred to as 'reasonable period of time'). Both parties shall endeavour to agree on the reasonable period of time.

2. If there is disagreement between the Parties on the reasonable period of time to comply with the arbitration panel ruling, the complaining Party may request the Stabilisation and Association Committee, within 20 days of the notification made under paragraph 1, to reconvene the original arbitration panel to determine the length of the reasonable period of time. The arbitration panel shall notify its ruling within 20 days from the date of the submission of the request.

3. In the event of the original panel, or some of its members, being unable to reconvene, the procedures set out in Article 4 shall apply. The time limit for notifying the ruling remains 20 days from the date of the panel's establishment.

#### *Article 8*

#### **Review of any measure taken to comply with the arbitration panel ruling**

1. The Party complained against shall notify the other Party and the Stabilisation and Association Committee before the end of the reasonable period of time of any measure that it has taken to comply with the arbitration panel ruling.

**▼B**

2. In the event that there is disagreement between the Parties concerning the compatibility of any measure notified under paragraph 1 of this Article with the provisions referred to in Article 2, the complaining Party may request the original arbitration panel to rule on the matter. Such request shall explain why the measure is not in conformity with this Agreement. Once re-convened, the arbitration panel will issue its ruling within 45 days of the date of its re-establishment.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 4 shall apply. The time limit for notifying the ruling remains 45 days from the date of the panel's establishment.

*Article 9***Temporary remedies in case of non-compliance**

1. If the Party complained against fails to notify any measure taken to comply with the arbitration panel ruling before the expiry of the reasonable period of time, or if the arbitration panel rules that the measure notified under Article 8(1) is not in conformity with that Party's obligations under this Agreement, the Party complained against shall, if so requested by the complaining Party, present an offer for temporary compensation.

2. If no agreement on compensation is reached within 30 days of the end of the reasonable period of time, or of the arbitration panel ruling under Article 8 that a measure taken to comply is not in conformity with this Agreement, the complaining Party shall be entitled, upon notification to the other Party and to the Stabilisation and Association Committee, to suspend the application of benefits granted under the provisions referred to in Article 2 at a level equivalent to the adverse economic impact caused by the violation. The complaining Party may implement the suspension 10 days after the date of the notification, unless the Party complained against has requested arbitration under paragraph 3 of this Article.

3. If the Party complained against considers that the level of suspension is not equivalent to the adverse economic impact caused by the violation, it may request in writing to the chairperson of the original arbitration panel before the expiry of the 10 day period referred to in paragraph 2 for the reconvening of the original arbitration panel. The arbitration panel shall notify its ruling on the level of the suspension of benefits to the Parties and to the Stabilisation and Association Committee within 30 days of the date of the submission of the request. Benefits shall not be suspended until the arbitration panel has issued its ruling, and any suspension shall be consistent with the ruling of the arbitration panel.

4. The suspension of benefits shall be temporary and shall be applied only until any measure found to violate this Agreement has been withdrawn or amended so as to bring it into conformity with this Agreement, or until the Parties have agreed to settle the dispute.

**▼B***Article 10***Review of any measure taken to comply after the suspension of benefits**

1. The Party complained against shall notify the other Party and the Stabilisation and Association Committee of any measure it has taken to comply with the ruling of the arbitration panel and of its request for an end to the suspension of benefits applied by the complaining Party.

2. If the Parties do not reach an agreement on the compatibility of the notified measure with this Agreement within 30 days of the date of the submission of the notification, the complaining Party may request in writing to the chairperson of the original arbitration panel to rule on the matter. Such request shall be notified simultaneously to the other Party and to the Stabilisation and Association Committee. The arbitration panel ruling shall be notified within 45 days of the date of the submission of the request. If the arbitration panel rules that any measure taken to comply is not in conformity with this Agreement, the arbitration panel will determine whether the complaining party can continue the suspension of benefits at the original or at a different level. If the arbitration panel rules that any measure taken to comply is in conformity with this Agreement, the suspension of benefits shall be terminated.

3. In the event of the original arbitration panel, or some of its members, being unable to reconvene, the procedures laid down in Article 4 shall apply. The period for notifying the ruling remains 45 days from the date of the panel's establishment.

**Section III****Common provisions***Article 11***Open Hearings**

*Article 12***Information and technical advice**

At the request of a Party, or upon its own initiative, the panel may seek information from any source it deems appropriate for the panel proceeding. The panel will also have the right to seek the opinion of experts as it deems appropriate. Any information obtained in this manner must be disclosed to both Parties and shall be open for comments. Interested parties shall be authorised to submit *amicus curiae* briefs to the arbitration panel under the conditions laid down in the Rules of Procedure referred to in Article 18.

Arbitration panels shall apply and interpret the provisions of this Agreement in accordance with customary rules of interpretation of public international law, including the Vienna Convention on the Law of Treaties. They shall not give an interpretation of the *acquis communautaire*. The fact that a provision is identical in substance to a provision of the Treaty establishing the European Communities shall not be decisive in the interpretation of that provision.

*Article 14***Arbitration panel decisions and rulings**

1. All decisions of the arbitration panel, including the adoption of the ruling, shall be taken by majority vote.
2. All rulings of the arbitration panel shall be binding on the Parties. They shall be notified to the Parties and to the Stabilisation and Association Committee, which shall make them publicly available unless it decides by consensus not to do so.

*CHAPTER III****General provisions****Article 15***List of arbitrators**

1. The Stabilisation and Association Committee shall, no later than six months after the entry into force of this Protocol, establish a list of fifteen individuals who are willing and able to serve as arbitrators. The Stabilisation and Association Committee will ensure that the list is always maintained at this level.
2. Arbitrators should have specialised knowledge and experience of law, international law, Community law and/or international trade. They shall be independent, serve in their individual capacities and not be affiliated with, or take instructions from any organisation or government, and shall comply with the Code of Conduct referred to in Article 18.

*Article 16***Relation with WTO obligations**

Upon the eventual accession of Bosnia and Herzegovina to the World Trade Organisation (WTO), the following shall apply:

- (a) Arbitration panels set up under this Protocol shall not adjudicate disputes on each Party's rights and obligations under the Agreement establishing the World Trade Organisation.

**▼B**

- (b) The right of any of the Parties to have recourse to the dispute settlement provisions of this Protocol shall be without prejudice to any action in the WTO framework, including dispute settlement action. However, where a Party has, with regard to a particular measure, instituted a dispute settlement proceeding, either under Article 3(1) of this Protocol or under the WTO Agreement, it may not institute a dispute settlement proceeding regarding the same measure in the other forum until the first proceeding has ended. For purposes of this paragraph, dispute settlement proceedings under the WTO Agreement are deemed to be initiated by a Party's request for the establishment of a panel under Article 6 of the Understanding on Rules and Procedures Governing the Settlement of Disputes of the WTO.
- (c) Nothing in this Protocol shall preclude a Party from implementing the suspension of obligations authorised by a WTO Dispute Settlement Body.

*Article 17***Time limits**

- 1. All time limits laid down in this Protocol shall be counted in calendar days from the day following the act or fact to which they refer.
- 2. Any time limit referred to in this Protocol may be extended by mutual agreement of the Parties.
- 3. Any deadline referred to in this Protocol may also be extended by the chairperson of the arbitration panel, on a reasoned request of either of the Parties or upon his or her own duly based initiative.

*Article 18***Rules of Procedure, Code of Conduct and modification of this Protocol**

- 1. The Stabilisation and Association Council shall, no later than six months after the entry into force of this Protocol establish Rules of Procedure for the conduct of the arbitration panel proceedings.

AROMATISED WINE NAMES**
*Article 4***Protected names**

Without prejudice to Articles 5, 6 and 7 of this Annex, the following shall be protected:

- (a) as regards the products referred to in Article 2 of this Protocol:
  - (i) references to the name of the Member State in which the wine, spirit drink and aromatised wine originates or other names to indicate the Member State,
  - (ii) the geographical indications, listed in Appendix 1, Part A, points (a) for wines (b) for spirit drinks and (c) for aromatised wines,
  - (iii) the traditional expressions listed in Appendix 2;
- (b) as regards wines, spirit drinks or aromatised wines originating in Bosnia and Herzegovina:
  - (i) references to the name ‘Bosnia and Herzegovina’ or any other name designating that country,
  - (ii) the geographical indications, listed in Appendix 1, Part B, points (a) for wines (b) for spirit drinks and (c) for aromatised wines.

*Article 5*
**Protection of names referring to the Member States of the Community and  
to Bosnia and Herzegovina**

1. In Bosnia and Herzegovina, references to the Member States of the Community, and other names used to indicate a Member State, for the purpose of identifying origin of the wine, spirit drink and aromatised wine:

- (a) shall be reserved for wines, spirit drinks and aromatised wines originating in the Member State concerned, and
- (b) shall not be used otherwise than under the conditions provided for by the laws and regulations of the Community.

2. In the Community, references to Bosnia and Herzegovina, and other names used to indicate Bosnia and Herzegovina, for the purpose of identifying origin of the wine, spirit drink and aromatised wine:

- (a) shall be reserved for wines, spirit drinks and aromatised wines originating in Bosnia and Herzegovina, and

**▼B**

- (b) shall not be used otherwise than under the conditions provided for by the laws and regulations of Bosnia and Herzegovina.

*Article 6***Protection of geographical indications**

1. In Bosnia and Herzegovina, the geographical indications for the Community which are listed in Appendix 1, Part A:

- (a) shall be protected for wines, spirit drinks and aromatised wines originating in the Community, and

- (b) shall not be used otherwise than under the conditions provided for by the laws and regulations of the Community.

2. In the Community, the geographical indications for Bosnia and Herzegovina which are listed in Appendix 1, Part B:

- (a) shall be protected for wines, spirit drinks and aromatised wines originating in Bosnia and Herzegovina, and

- (b) shall not be used otherwise than under the conditions provided for by the laws and regulations of Bosnia and Herzegovina.

3. The Parties shall take all measures necessary, in accordance with the Agreement in this Annex, for the reciprocal protection of the geographical indications referred to in Article 4(a)(ii) and 4(b)(ii), which are used for the description and presentation of wines, spirit drinks and aromatised wines originating in the territory of the Parties. To that end, each Party shall make use of the appropriate legal means referred to in Article 23 of the TRIPS Agreement to ensure an effective protection and prevent geographical indications from being used to identify wines, spirit drinks and aromatised wines not covered by the indications or the descriptions concerned.

4. The geographical indications referred to in Article 4 shall be reserved exclusively for the products originating in the territory of the Party to which they apply and may be used only under the conditions laid down in the laws and regulations of that Party.

5. The protection provided for in the Agreement in this Annex shall prohibit in particular any use of protected names for wines, spirit drinks and aromatised wines which do not originate in the geographical area indicated, and shall apply even when:

- (a) the true origin of the wine, spirit drink or aromatised wine is indicated;

**▼B**

- (b) the geographical indication in question is used in translation;
- (c) the name is accompanied by terms such as 'kind', 'type', 'style', 'imitation', 'method' or other expressions of the sort;
- (d) the protected name is used in any way for products falling under heading No 20.09 of the Harmonised System of the International Convention on the Harmonised Commodity Description and Coding System, done at Brussels on 14 June 1983.

6. If geographical indications listed in Appendix 1 are homonymous, protection shall be granted to each indication provided that it has been used in good faith. The Parties shall mutually decide the practical conditions of use under which the homonymous geographical indications will be differentiated from each other, taking into account the need to ensure equitable treatment of the producers concerned and that consumers are not misled.

7. If a geographical indication listed in Appendix 1 is homonymous with a geographical indication for a third country, Article 23(3) of the TRIPS Agreement applies.

8. The provisions of the Agreement in this Annex shall in no way prejudice the right of any person to use, in the course of trade, that person's name or the name of that person's predecessor in business, except where such name is used in such a manner as to mislead consumers.

9. Nothing in the Agreement in this Annex shall oblige a Party to protect a geographical indication of the other Party listed in Appendix 1 which is not or ceases to be protected in its country of origin or which has fallen into disuse in that country.

10. On the entry into force of this Agreement, the Parties shall no longer deem that the protected geographical names listed in Appendix 1 are customary in the common language of the Parties as a common name for wines, spirit drinks and aromatised wines as foreseen in Article 24(6) of the TRIPS Agreement.

#### *Article 7*

#### **Protection of traditional expressions**

1. In Bosnia and Herzegovina, the traditional expressions for the Community listed in Appendix 2:

- (a) shall not be used for the description or presentation of wine originating in Bosnia and Herzegovina; and
- (b) may not be used for the description or presentation of wine originating in the Community otherwise than in relation to the wines of the origin and the category and in the language as listed in Appendix 2 and under the conditions provided for by the laws and regulations of the Community.

**▼B**

2. Bosnia and Herzegovina shall take the measures necessary, in accordance with the Agreement in this Annex, for the protection of the traditional expressions referred to in Article 4 and used for the description and presentation of wines originating in the territory of the Community. To that end, Bosnia and Herzegovina shall provide appropriate legal means to ensure an effective protection and prevent traditional expressions from being used to describe wine not entitled to those traditional expressions, even where the traditional expressions used are accompanied by expressions such as 'kind', 'type', 'style', 'imitation', 'method' or the like.

3. The protection of a traditional expression shall apply only:

- (a) to the language or languages in which it appear(s) in Appendix 2 and not in translation; and
- (b) for a category of product in relation to which it is protected for the Community as set out in Appendix 2.

*Article 8***Trademarks**

1. The responsible offices of the Parties shall refuse the registration of a trademark for a wine, spirit drink or aromatised wine which is identical with, or similar to, or contains or consists of a reference to a geographical indication protected under Article 4 with respect to such wine, spirit drink or aromatised wine not having this origin and not complying with the relevant rules governing its use.

2. The responsible offices of the Parties shall refuse the registration of a trademark for a wine which contains or consists of a traditional expression protected under the Agreement in this Annex if the wine in question is not one to which the traditional expression is reserved as indicated in Appendix 2.

3. Bosnia and Herzegovina shall adopt the necessary measures to amend all trademarks so as to fully remove all reference to Community geographical indications protected under Article 4. All said references shall be removed at the latest by 31 December 2008.

*Article 9***Exports**

The Parties shall take all steps necessary to ensure that, where wines, spirit drinks and aromatised wines originating in a Party are exported and marketed outside that Party, the protected geographical indications referred to in Article 4(a)(ii) and (b)(ii) and in the case of wines, the traditional expressions of that Party referred to in Article 4(a)(iii) are not used to describe and present such products which originate in the other Party.

The Working Group may make recommendations, discuss and put forward suggestions on any matter of mutual interest in the wine, spirit drink and aromatised wine sector which would contribute to the attainment of the objectives of the Agreement in this Annex. It shall meet at the request of either of the Parties, alternatively in the Community and in Bosnia and Herzegovina, at time and a place and in a manner mutually determined by the Parties.

*Article 11***Tasks of the Parties**

1. The Parties shall either directly or through the Working Group referred to in Article 10 maintain contact on all matters relating to the implementation and functioning of the Agreement in this Annex.

  - (b) mutually decide, by decision of the Stabilisation and Association Committee, that the Appendices to the Agreement in this Annex should be modified. The Parties designate the contact points set out in Appendix 3 to be responsible for the application and operation of the Agreement in this Annex.

*Article 13***Enforcement and mutual assistance between the parties**

1. If the description or presentation of a wine, spirit drink or aromatised wine in particular on the labelling, in official or commercial documents or in advertising, is in breach of the Agreement in this Annex, the Parties shall apply the necessary administrative measures and/or shall initiate legal proceedings with a view to combating unfair competition or preventing the wrongful use of the protected name in any other way.

2. The measures and proceedings referred to in paragraph 1 shall be taken in particular:

- (a) where descriptions or translation of description, names, inscriptions or illustrations relating to wine, spirit or aromatised wine drinks whose names are protected under the Agreement in this Annex are used, directly or indirectly, which give false or misleading information as to the origin, nature or quality of the wine, spirit drink or aromatised wine;
- (b) where, for packaging, containers are used which are misleading as to the origin of the wine.

3. If one of the Parties has reason to suspect that:

- (a) a wine, spirit drink or aromatised wine as defined in Article 2 of this Protocol, being or having been traded in Bosnia and Herzegovina and the Community, does not comply with rules governing the wine, spirit drink or aromatised wine sector in the Community or in Bosnia and Herzegovina or with this Agreement; and
- (b) this non-compliance is of particular interest to the other Party and could result in administrative measures and/or legal proceedings being taken,

it shall immediately inform the representative body of the other Party.

4. The information to be provided in accordance with paragraph 3 shall include details of the non-compliance with the rules governing the wine, spirit drink and aromatised wine sector of the Party and/or the Agreement in this Annex and shall be accompanied by official, commercial or other appropriate documents, with details of any administrative measures or legal proceedings that may, if necessary, be taken.

**▼B***Article 14***Consultations**

1. The Parties shall enter into consultations if one of them considers that the other has failed to fulfil an obligation under the Agreement in this Annex.
2. The Party which requests the consultations shall provide the other Party with all the information necessary for a detailed examination of the case in question.
3. In cases where any delay could endanger human health or impair the effectiveness of measures to control fraud, appropriate interim protective measures may be taken, without prior consultation, provided that consultations are held immediately after the taking of these measures.
4. If, following the consultations provided for in paragraphs 1 and 3, the Parties have not reached agreement, the Party which requested the consultations or which took the measures referred to in paragraph 3 may take appropriate measures in accordance with Article 126 of the Stabilisation and Association Agreement so as to permit the proper application of the Agreement in this Annex.

# *JOINT DECLARATIONS*

## **JOINT DECLARATION ON ARTICLES 51 AND 61**

The Parties agree that this Agreement shall in no way prejudice the rules of Bosnia Herzegovina governing the system of property ownership.

The Parties further agree that for the purpose of this Agreement, the provisions of Articles 51 and 61 do not preclude Bosnia and Herzegovina from implementing the limitations on the acquisition of or use of ownership rights over real estate on the grounds of public policy, public security and public health, provided that those limitations apply without discrimination to both Bosnia Herzegovina and Community companies and nationals.

## **JOINT DECLARATION ON ARTICLE 73**

The Parties agree that for the purpose of this Agreement, intellectual and industrial property includes in particular copyright, including the copyright in computer programmes, and neighbouring rights, the rights relating to databases, patents including supplementary protection certificates, industrial designs, trademarks and service marks, topographies of integrated circuits, geographical indications, including appellation of origins, and plant variety rights.

The protection of commercial property rights includes in particular the protection against unfair competition as referred to in Article 10bis of the Paris Convention for the Protection of Industrial Property and the protection of undisclosed information as referred to in Article 39 of the Agreement on Trade Related Aspects of Intellectual Property Rights (TRIPS Agreement).

The Parties further agree that the level of protection referred to in Article 73(3) of this Agreement shall include the availability of the measures, procedures and remedies provided for in Directive 2004/48/EC of the European Parliament and of the Council of 29 April 2004 on the enforcement of intellectual property rights <sup>(1)</sup>.

## *DECLARATION BY THE COMMUNITY*

### **DECLARATION BY THE COMMUNITY CONCERNING THE EXCEPTIONAL TRADE MEASURES GRANTED BY THE COMMUNITY ON THE BASIS OF REGULATION (EC) No 2007/2000**

Considering that exceptional trade measures are granted by the Community to countries participating or linked to the EU Stabilisation and Association Process including Bosnia and Herzegovina on the basis of Council Regulation (EC) No 2007/2000 of 18 September 2000 introducing exceptional trade measures for countries and territories participating in or linked to the European Union's Stabilisation and Association process <sup>(2)</sup>, the Community declares:

<sup>(1)</sup> OJ L 157, 30.4.2004, p. 45.

<sup>(2)</sup> OJ L 240, 23.9.2000, p. 1. Regulation as last amended by Regulation (EC) No 530/2007 (OJ L 125, 15.5.2007, p. 1).

**▼B**

- that, in application of Article 34 of this Agreement, those of the unilateral autonomous trade measures which are more favourable will apply in addition to the contractual trade concessions offered by the Community in this Agreement as long as Regulation (EC) No 2007/2000 applies;
- that, in particular, for the products covered by Chapters 7 and 8 of the Combined Nomenclature, for which the Common Customs Tariff provides for the application of *ad valorem* customs duties and a specific customs duty, the reduction shall apply also to the specific customs duty in derogation from the relevant provision of Article 28(2) of this Agreement.
